

Dieser Index enthält alle Wörter, die in den Centurien des Nostradamus vorkommen. Das Format der Einträge ist wie folgt:

Wort (Anzahl×): Centurie/Nummer ...

Anzahl× bezieht sich auf die Anzahl der Quatrains, in denen das Wort vorkommt. Wörter, die sich hinsichtlich Schreibung und Akzentsetzung nur leicht voneinander unterscheiden, wurden bisweilen zusammengefaßt. Angaben zu den gebräuchlichsten Wörtern sind ausgespart. Alle Schreibfehler und für Nostradamus typischen Besonderheiten wurden beibehalten. Alles in allem gilt folgendes:

Großschreibung wird konsequent ignoriert. Alle Einträge sind in Kleinbuchstaben umgewandelt.

Die Buchstaben u und v sind austauschbar.

Die Buchstaben i und j sind austauschbar (z. B. iour = jour).

Das lange s (ſ) ist manchmal als f transkribiert (z. B. seront = feront).

Die Kombination vv steht in der Regel für w.

Die Präfixe l', d', s', t', und n' sind den jeweiligen Wörtern hintangestellt worden, so daß gilt: d'avoir ⇒ avoir,d'. Dies erleichtert das Auffinden der entsprechenden Wörter. Einzige Ausnahme bildet das Präfix qu', das in seiner Stellung beibehalten wurde (z. B. qu'a).

Akzente werden in den Centurien nicht durchgehend korrekt verwendet. Daher wurden einige gebräuchliche Wörter, die sich nur in ihren Akzenten unterscheiden, zusammengefaßt. Die Varianten sind dann durch einen Schrägstrich / voneinander getrennt, wobei die Liste der Referenzen und Anzahl der Vorkommnisse vereint wurden.

Der Zirkumflex findet bisweilen Verwendung, um den Wegfall eines Konsonanten in der Aussprache gegenüber dem ursprünglichen Wort anzuzeigen. Diese Regel hat sich mit fortschreitender Sprachentwicklung ausgebreitet. Beispielsweise wurde das moderne französische Wort même im 16. Jahrhundert noch mesme geschrieben.

Wörter, welche Beugungsformen der selben Wurzel darstellen, werden als separate Wörter behandelt. Entsprechend sind Singular- und Pluralformen wie auch Verbformen getrennt gelistet.

Irreguläre und eigentümliche Wortschreibungen kommen in den Centurien häufig vor. Insofern empfiehlt es sich, den Index nach Schreibvarianten zu durchsuchen, wenn die Suche unter einer bestimmten Schreibung nicht zum gewünschten Ergebnis führt.
